

MEDIA ANNOUNCEMENT:
NOMINATION OF IAN SINCLAIR FOR
CALEDON REGIONAL COUNCILLOR WARD 1

Distinguished Citizen of the Year and Veteran Politician Ian Sinclair Enters Municipal Election

Speculation and anticipation are finally over for Caledon residents as highly respected politico Ian Sinclair throws his hat into the nomination ring for Regional Councillor of Ward 1 in the October 2018 Municipal Election.

Absent from the Council table for the last 14 years, Sinclair has none the less been front-line for residents, small business and community associations in Ward 1 on issues as diverse as aggregate initiatives, heritage village preservation, “sketchy” housing developments, hydrology, ecology and environmental impact and protection.

With a “platinum” political passport which spans both directorships and chair of such respected committees as Peel Region’s Audit, Waste Management, and Planning; the Niagara Escarpment Commission; Credit Valley Commission; Toronto Regional Conservation Authority; Greater Toronto Services Board; Credit Valley Conservation Foundation; Humber Watershed Task Force; Caledon’s Environmental Advisory, Aggregate Official Plan and Pesticide Advisory, as well as an advisory role on behalf of the Peel Federation of Agriculture, Pit Sense and CAMP (Citizens Against Melville Pit).

In his spare time, Ian Sinclair has also been a member of key volunteer committee groups including Caledon Community Services, Belfountain Community Organization (BCO), Inglewood Secondary Plan, Grange Property Steering Committee, former Caledon Rate Payers and Alton Grange associations and the Caledon Recreational Facility Review Committee.

Not surprising, Sinclair received the inaugural Caledon Community Recognition Award as “Distinguished Citizen” in 2016.

Sinclair’s academic “pedigree” is equally impressive with a Master’s Degree in Applied Environmental Studies from the University of Waterloo, specializing in ecology, urban and regional planning, and is one of a very few elected politicians who holds a certificate in Conflict Resolution, Negotiation and Mediation hosted by the Ontario Ministry of Municipal Affairs.

A resident of Caledon for 43 years, Ian Sinclair successfully operated his landscape and design sole proprietor business from Caledon, focusing on rural estate design and planning for clients across Caledon and the Headwaters Region.
